

National Library Week 2008 Bookmark Design Contest

Sponsored by Johnson County Library and
the Friends of Johnson County Library

Grab your colored pencils, markers, crayons, fingerpaints or watercolors and design a handmade bookmark. Make it **colorful!**

Your original bookmark design should show how you and your family come together at the Library. Use your design to tell a story about you and your family and what you like about the Library or how the Library is your friend.

Return this entry form to any Johnson County Library location by April 30, 2008. Winners will receive prizes from the Friends of the Library and have their creations reproduced on bookmarks distributed in the libraries. All designs become the property of the Johnson County Library and cannot be returned.
